Jackie,

Thank you for the contact information for Dr. Masten at the NTP. We will plan to follow-up with him. Attached is the presentation and the inhalation study summary we provided to you at our meeting on November 3rd. If you have any questions please contact me, we are happy to provide additional information as needed.

Thank you again,

Sarah E. Amick

Hi Sarah,

I am following up on a request that you made during our 11/3 meeting. I spoke with Dr. Masten at NTP, and he is willing to talk with you by phone. Dr. Masten has been handling inquiries on NTP's tire crumb tox work. His contact information, including his phone number, are below.

Scott A. Masten, PhD, DABT
Director, Office of Nomination and Selection
National Toxicology Program
919.541.5710

Regards,

Jackie

Jackie,

Yes we have three people: myself, Tracey Norberg with RMA and Julie Panko with Cardno Chemrisk. We look forward to meeting with you on Thursday.

Thank you,

Sarah E. Amick

Good morning, Sarah.

I'm just confirming that you will have 3 people total in your party- correct?

Thanks,

Jackie McQueen

Jackie,

We look forward to meeting with you on Thursday, November 3rd from 1-2pm. We plan to bring our consultant, Julie Panko with Cardno Chemrisk, to the meeting. It would be helpful if you are able to send a meeting calendar announcement with the location for the meeting.

Thank you again,

Sarah E. Amick

Good morning, Sarah,

We should be able to have my Office Director, Fred Hauchman, myself, and a representative from our exposure lab available on November 3 from 1-2. Let me know if this time is acceptable, thanks.

Subject: RE: test

Jackie,

Thank you for speaking earlier today about RMA's meeting request. As discussed attached is the meeting request we sent to Dr. Thomas Burke regarding EPA's research protocol on crumb

rubber. We look forward to bring our consultants from Cardno ChemRisk to a meeting with EPA on the research protocol.

We are available for a meeting on the following dates and prefer to meet on November 3rd or 4th if these dates work for EPA.

Thursday, November 3rd – any time after 1pm

Friday, November 4th – any time after 1pm

Thursday, November 10th – any time after 1pm

Julie Panko from Cardno Chemrisk will attend the meeting in addition to myself and my colleague Tracey Norberg at RMA.

During the meeting we plan to discuss the following:

- Recommendations for additional soil samples
- Analytical techniques for evaluating crumb rubber
- International sources of data available to determine availability of toxicology data and health-based screening levels

Again, we look forward to meeting with EPA. Thank you for helping to coordinate this meeting.

If you have any questions please contact me.

Best,

Sarah E. Amick
